SCHOOL report card¹⁰

Dear Parent or Guardian,

Our responsibility for educating our children is to work together as a team—the school and district staff, parents, guardians and families, and students themselves. We all need to make our best efforts, individually and as a group, to support our students, believe in their abilities and potential, and create conditions for their success.

The 2010-11 School Report Card, revised with input from various parent and community groups, is a valuable tool for you to learn about your student's school. Bring this document with you when you visit with your student's teacher(s). Learn how your school is working to help your student read, write, think, and speak at or above grade level. Ask questions. Find out how you can help. We are a team, and we need you!

PROGRESS

Moving toward learning goals

► Are students meeting California standards in English language arts and math?

Students in grades 2-11 are tested annually to assess their achievement of state content standards. California Standards Test (CST) scores fall into 1 of 5 performance levels. The state's goal is for all students to score proficient or advanced, the top 2 performance levels.

Students scoring at the proficient or advanced performance level in...	2009-10	2010-11	LAUSD Average
English language arts	16%	19%	44%
Math	16%	15%	39%

► How much Academic Growth over Time (AGT) did the school make on standardized tests?

A method known as value-added analysis helps us know how much students have progressed on standardized tests from one year to the next. The table below provides Grade-Level AGT results for English language arts (ELA) and Math for the past academic year 2010-11.

	Far Below Predicted	Below Predicted	At Predicted	Above Predicted	Far Above Predicted
